News & Notes

@ smu.ca Addresses

We're streamlining our smu.ca email service to give alumni the ability to stay connected using their preferred email. By providing the University with the email they use on a regular basis, alumni can ensure they get the information they need from us where they want it, when they need it. Alumni with an existing smu.ca address will be able to use those emails until October when the service will be retired.

The change does not impact faculty or staff emails.

The Alumni Association at Saint Mary's University wants to stay in touch.

To avoid missing our e-mail communications please provide us with your [updated e-mail address](#) so we can adjust our records.
